About

Motivated and detail-oriented BCA student with hands-on experience in building responsive web applications using React.js, JavaScript, HTML/CSS, and Tailwind CSS. Passionate about clean code, intuitive UI design, and solving real-world problems through technology. Eager to contribute to dynamic development teams and grow as a full-stack developer.

SKILLS

Technical Skills: HTML/CSS, JavaScript, React.js, Tailwind CSS, Java, C, SQL, Git, Github

Tools & Platforms: GitHub, Canva, VS Code

Soft Skills: Communication, Teamwork, Problem-Solving, Adaptability

WORK EXPERIENCE

Frontend Developer Intern — Success Mantra, Orai Jalaun, Uttar Pradesh

March 2024 – July 2024 | Tech: HTML, CSS, JavaScript, Canva, Email Marketing

- Developed and maintained responsive web pages using HTML and CSS, improving cross-device user experience.
- Collaborated with the design team to enhance layout aesthetics and create visually compelling UI components.
- Contributed to email marketing campaigns using Canva; drafted and scheduled promotional content.
- Wrote clean, well-structured, and maintainable front-end code following best practices.

TECHNICAL PROJECTS

Music Player (2025)

Tech Stack: React.js, Tailwind CSS

- Built a fully responsive Music Player web app with play, pause, skip, and volume control functionalities using react.js.
- Designed an intuitive and visually appealing UI with smooth animations, progress bar, and dynamic song info display.
- Implemented structured, reusable code ensuring consistent cross-browser performance.

Online Code Editor (2026)

Tech Stack: React.js, Vite, ESLint

- Developed a browser-based code editor for writing and testing HTML, CSS, and JavaScript in real-time.
- Implemented live preview functionality to instantly reflect code changes, improving development speed and user experience.
- Built a modular and reusable component architecture using React for better scalability and maintainability.
- Optimized performance and development workflow using Vite with fast refresh and efficient bundling.

- Maintained clean, consistent, and error-free code using ESLint best practices.
- Designed a responsive and intuitive interface for smooth interaction across devices.

Attendance Management App (2025)

Tech Stack: React.js, Tailwind CSS

- Built a dynamic Attendance Management web application to efficiently track and manage attendance records.
- Designed a responsive and user-friendly interface with React.js and Tailwind CSS for smooth performance across devices.
- Implemented accurate data handling with component-based architecture ensuring scalability and maintainability.

EDUCATION

Bachelor of Computer Applications (BCA)

Shri Ramswaroop Memorial University | 2024 – 2027 (Pursuing)

Class XII (Science)

Shri Vinayak Academy International Senior Secondary School | 2024

Class X

Shri Vinayak Academy International Senior Secondary School | 2022

CERTIFICATIONS & ACHIEVEMENTS

The Fourfold Code Quest — IEEE Student Chapter | October 2024

- Participated in a university-level coding competition organised by the IEEE Student Chapter.
- Gained hands-on exposure to multiple technologies: HTML/CSS, Python, PHP, MongoDB, JavaScript, Java, C++, and C#.
- Demonstrated strong problem-solving skills under competitive conditions, testing and validating technical knowledge.
